"Hobson's Choice"

Tobias Hobson was the first man in England who let out hackney horses.

When anyone wished to hire a horse, he was obliged to take the one standing nearest the stable door-he had no selection. Hence the old proverb, so familiar now, was born:

> "To elect there is but one-'Tis Hobson's choice-take that or none."

Before the introduction of Uneeda Biscult buying soda crackers in a paper bag, was like hiring Hobson's horses-there was no choice. In kind and quality there was but one-take that or else take none. Whether stale, soggy, dirty or old-'twas ever the same "Hobson's Choice."

Uneeda Biscuit in air tight packages have revolutionized this old method and set an example that has received the stamp of public approval, as the sale of over 300,000,000 5c packages attest.
